President's Message

Ken Hamer

We Can Use Your Help

In case you didn't see Mike Keller's email a couple of weeks ago, Inland Mopars Car Club is in need of a volunteer to fill our club Secretary office. Ed Sobiecki was "volunteered" to fill the office a few months ago but recently tendered his resignation due to the arthritic pain in his hands while recording the Minutes of our monthly business meetings. We attempted to have a surplus laptop computer updated for Ed to use but found that the computer could not be brought back to life.

This is not a difficult position and doesn't require any time other than recording the Minutes from our monthly business meetings and then transcribing the Minutes to a Word document and forwarding it to Mike Keller for inclusion in our monthly Newsletter. **(NO, don't even think about it. Mike will not become secretary to cut out the middle man/woman.)**

To make recording the Minutes easier, I provide the club Secretary with a printed copy of the monthly meeting agenda so the Secretary has prior knowledge of what is going to be discussed and all they have to do is add applicable details.

Your time and efforts will be much appreciated if you decide to accept this office. I will be asking for a volunteer at our club meeting on May 5th. If you are unable to attend the May club meeting and are interested in this office, please contact me by either telephone or email.

Thank you in advance for your consideration.

I am writing this on 'Happy HEMI Day' (04/26) while some of you have already directed the show car parking for the first day of MATS in Las Vegas. Today, Mother Mopar released the newest iteration of the famed HEMI for purchase. The current G3 version shares the 426 cid dimension with the G2 HEMI but that's all that it shares. The new G3 aluminum-block 'Hellephant' comes in at a mind-blowing 1000 horsepower and 950 lb-ft of torque on pump gas! That will get you back from the grocery store before the ice cream melts.

Think about it...that is over 2.3 horsepower per cubic inch. Back in 1969 when I bought my 340 Swinger Dart, the best you could get out of a factory engine was just a tick under 1.0 horsepower per cubic inch.

Looking back, Beebe and Mulligan won the Top Fuel title at the 1969 NHRA Winternationals by running a 6.93 elapsed time - today's Pro Stock cars are about 3/10 of a second quicker, on gasoline. Funny Car was won by Clare Sanders in 'Jungle Jim' Liberman's #2 car running a 7.88 elapsed time. At the recently completed NHRA Four-Wide Nationals in North Carolina, Bill Skillman qualified #1 in the Factory Stock door-slammer class at 7.82 seconds.

It's absolutely amazing how much technology has improved performance over the past 50 years.

REMINDER! Our May 5th club meeting will be held at California School for the Deaf in Riverside where we will do our final planning for our upcoming 19th annual "Mopars in May at CSDR" all-Mopar car show. We will start our meeting at 10:30AM so that those that go to breakfast at Cactus Cantina will have a little more time to finish breakfast and still get to the club meeting on time.

Please bring your Mopar to the May 5th club meeting so we can take pictures of your ride for our website.

As always, thank you to everyone for all you do to make Inland Mopars Car Club the very best it can be - the club's reputation is a direct reflection of the members. //

Meeting Minutes-April

The April 7, 2019 meeting of Inland Mopars at the Cactus Cantina, Riverside, was called to order promptly at 10:00 AM by sergeant-at-arms Mike Counts.

Attending today are: Steve Backer, Tim and Diane Baer, Sil Brander, Lonnie and Robin Clabaugh, Rick Cook, Mike Counts, Sam Frisby, Joey Garcia, Ken and Judy Hamer, Michael Harding, Bill Heckman, B.J. Hayden, Norma Johnston, Mike Keller, Wayne Parris, Paul Roddy, John Smithson, Ed and Linda Sobiecki, Bill and Debbie Whitson, and Harry Windhorst

President Ken Hamer welcomed all in attendance and wished a "Happy Birthday" to the following club members having a birthday in April: Tim Baer, Camille Counts, Cynthia Parris, Linda Merken, Daemon Garcia and Joey Garcia.

Ken advised he will be noting the Minutes for today's meeting because the laptop computer that was hoped to be able to be updated for use by club Secretary Ed Sobiecki is not repairable.

Treasurer's Report - Sam gave the treasurer's report, updating monies collected in March, expenditures for March, and totals in the club's account and petty cash.

Social Media

- **Club Website** - Steve Backer reported the club website is up to date.
- **Facebook** - Mike Counts reported over 950 responses to our Facebook page.
- **Instagram** - Jason Gibbons reported over 590 followers on our Instagram account.

Old Business & Past Events:

March

- March 9 - Steve Backer and Mike Keller attended the H.E.M.I. car show in Phoenix, AZ. They reported the show attracted about 150-160 cars. Passed out a bunch of Mopars in May & MATS flyers.
- March 16-17 - Joey Garcia attended the Classic Car Show at the Orange County Fairgrounds and met Mark Worman of *Graveyard Cars*.
- March 23 - Bill Heckman attended the 8th Annual Bonita High School Auto Shop Car Show in La Verne. Bill reported it was a good show as always.
- Sil Brander attended a local Pep Boys car show, put his car on the portable dyno and walked away with the High Horsepower & High Torque awards with his 1959 Plymouth Belvedere.
- Steve and Beth Backer, Ken and Judy Hamer, and Mike Keller met with Don and Ann Long for a debrief from our December 2018 Toy Drive Party to see what club members can do better to make the 2019 Toy Drive Party better for the Longs. There were several suggestions mainly regarding after party cleanup. Don Long reported they would like to invite their car-friends so we may need to rent additional tables and chairs to accommodate a larger attendance. (After the meeting Wayne Parris volunteered he has square tables that seat 8 & chairs that we could use, which would cut down the rental cost.)

Dear Mr. Keller:

Soldiers and their Families epitomize what is best about America. Their willingness to make sacrifices in order to build a better future for others and preserve our way of life is a great strength of our Nation.

Donations have a positive impact on the lives of our Soldiers and their Families. On behalf of the Installation Management Command, I am pleased to accept your donation of toys to be given to Fort Irwin children. As you know, acceptance of this gift offer cannot be interpreted as an Army endorsement for any products or services.

This donation will benefit Soldiers and their Families who have given so much in service to our Nation.

Please accept my sincere appreciation for this very generous and thoughtful gift.

Sincerely,

Seth D. Krummrich

- 1965 Coronet 500 with a 413 (from a 63 Imperial) and a rebuilt automatic transmission (Westminster Transmission). The engine has a mild cam as I was just going to show the car and not race it. I built the car for my wife and I went a little overboard so now she won't drive it - she says it is too fast. I have about 47K in the build but I will take any reasonable offer as I need room in my garage for the 65 Barracuda I am building. The car is in Westminster, CA.

1969 DODGE DART SWINGER! - \$27500

image 1 of 17

- This is the real deal LM23P car and is super clean. No rust anywhere that I could find!!! This is a real, Y2, Sunfire yellow car. Body panels are believed to be all original. The undercoating of the car looks to be original. The original 340 motor is long gone. It now has a 360, stroked to 408 and runs very strong. It has a brand new MSD billet distributor with MSD 6-AL box for added spark. A new mechanical fuel pump has been added, TTI Shorty headers into dual exhaust with an H pipe and new exhaust with chrome tips out the back. It has a Holley 750 double pumper carburetor sitting on top of an Edelbrock RPM Airgap intake, brand new spark plugs, recent oil change and MSD plug wires. The new alternator has been wired for a one wire hookup. The sound is incredible!!! The Dart drives and rides very nice!

It's had the column shifter transferred to the floor with an added console. The newly covered bucket seats were added for a more sporty look. The seats, carpet, headliner and dash all look great!!! There is an added oil pressure gauge that stays at 60 pounds of pressure. The blinkers, headlights, radio and wipers all work as they should.

The 727 automatic transmission shifts excellent. The trans has a reverse valve body. It has a 7 quart deep oil pan. Rear has 3:23 gears. The original 4 1/2 inch drum brakes have been kept original.
