President's Message (none received at time of publication)

*The following was submitted by Steve Kuramoto from a Paul Ries
Devotional and was appropriate at the time*

Memorial Day, Monday May 27, 2019

How the mighty have fallen in the midst of the battle!

2 Samuel 1:25

Historically, in 1868, Memorial Day was first called Decorations Day. It was a day to honor the fallen soldiers of the Civil War. In the Arlington National Cemetery, at least 5,000 people gathered at the grave site of over 20,000 Union and Confederate soldiers. They respectfully decorated each grave. Later the day was changed and called Memorial Day. It became a day to honor all of our men and women who died in war.

Memorial Day became an official holiday in 1971. It was traditionally observed on May 30, but now it is on the last Monday in May making the observance a three-day weekend. Most people appreciate an extra day off from work and cherish the quality family time. This day is also seen to mark the beginning of summer. Many families congregate together to barbeque, picnic and enjoy the parades or watching sports.

However, we should never forget the freedoms we enjoy are a direct result of the unselfish sacrifices of those men and women who willingly died while serving their country. Many husbands, wives and close relatives will mourn as they visit the cemeteries or memorials to lay flowers at their loved one's grave site. Customarily, but often forgotten, is the pause for silence at 3:00pm in the afternoon to remember the fallen.

As a nation we should stop in silence to not only remember these fallen heroes, but to pray for their families. Our children should be taught the value of honoring those who have died. In gratitude our homes should proudly show the American flag. A missed loved one will always be remembered not only on this day but on each and every day to come.

Bits 'n Pieces – Mopars in May in the Drizzle

2018 Best of Show winner Mark Ducharm brought out his '29 Dodge, along with 2018 Long Distance winner John Leep from Goodyear, Arizona & his '77 Dodge Aspen R/T. Both braved the morning drizzle to bask in the afternoon sun. Blue skies, white clouds, & dry, just the way a car show should be. (photo courtesy of Susie Peat, Hot Desert Mopars)

(more starting on Page 3)

Meeting Minutes-May (none received at time of publication)

Mopars in May at CSDR (Part One)

The morning started out dark & drizzling (it was 5:00 am) but Inland Mopars did show up. We had no idea what to expect since drizzle in Riverside could mean pouring rain two miles away. I had already received multiple "I am not coming" e-mails. But just like in years past, we had cars showing up as the gate was being set up. That was a good sign.

The one thing the wet did was pretty much wipe out the parking paint that had been laid out the day before. The parking crew managed to get everyone parked & we still kept the fire lanes. Food vendors showed up to brave the elements. The CSDR Culinary Club hosted a pancake breakfast. There was probably a pretty even split between vintage & modern, even though there looked like more modern since they were all parked together. Once the drizzle stopped, all the cars were dried & you would never know there had been any water earlier. Yes, car count was down (I may have it figured out by next newsletter) but everyone seemed to have a good time. CSDR had clubs booths like they used to have in the early 2000's. There was lots of interaction between the hearing & deaf communities. I was very happy that this year that not everyone rushed off after receiving their awards. There was still a crowd at the end of the event. Humongous opportunity drawing.

Thanks again to Mopar Club San Diego & Hot Desert Mopars for helping with the judging.

Our awards photographer was out shooting cars during awards so we have a few award winners submitted by those in the crowd taking pics of their fellow club mates. If anyone has anymore award photos they would like to share, please e-mail them to me at limedust70@gmail.com. This month will be Mopars in May Part 1. July will be a continuation. Lots of photos were sent to me & I would like to use as many as possible.

By the way; Mopars in May 2020 will be Sunday May 17 at CSDR. Put it on your calendar.

December 19, 2018

Office of the Garrison Commander

Inland Mopars Car Club
 Mike Keller
 1636 N Glenn Ave
 Ontario, CA 91764

Dear Mr. Keller:

Soldiers and their Families epitomize what is best about America. Their willingness to make sacrifices in order to build a better future for others and preserve our way of life is a great strength of our Nation.

Donations have a positive impact on the lives of our Soldiers and their Families. On behalf of the Installation Management Command, I am pleased to accept your donation of toys to be given to Fort Irwin children. As you know, acceptance of this gift offer cannot be interpreted as an Army endorsement for any products or services.

This donation will benefit Soldiers and their Families who have given so much in service to our Nation.

Please accept my sincere appreciation for this very generous and thoughtful gift.

Sincerely,

Seth D. Krummrich
 Colonel, US Army
 Commanding

moparleo@hotmail.com

Leo Tafoya

Cell (951) 413-4775
USA MOPAR DOOR HINGE
REMANUFACTURING SERVICE
1967-1976 A-BODY
1962-1978 B-BODY
1970-1974 E-BODY

And the rest of the ad that goes with it....

Why buy Taiwan made repros when you can get the highest quality remanufactured door hinges, using only original, Mopar made hinge cores.

I Remanufacture a complete line of Mopar application only door hinges using only new, high quality US made components. No import parts ever.

Over 15 years experience remanufacturing Mopar only door hinges.

I remanufacture the following hinge applications: 1967-1978 A-body, 1962-1965 B-body, 1967-1970 B-body, 1971-1973 B-body, 1970-1974 E-body. Most are in stock, primed, ready to paint and install. Or I can refurbish your old hinges with quick turn-over time.

Normally available for exchange or out right with a refundable core charge.

Refurbish process:

* Disassemble and inspect for damage or excessive wear or rust pitting. Must meet my quality standards. If they pass inspection: then I remove door check pins(these are pressed in and must be cut out). Remove pins and bushings in upper hinges.

* Square up hinge bodies. Bore & ream to fit oversized pivot pins in lower hinges. NO BUSHINGS.

* Install new roller pins by MIG welding with new wave springs and refurbished rollers

* Tighten upper hinges.

* Prime hinges with Automotive grade primer. Compatible with enamel or lacquer.

* Install new Oil-lite bronze bushings and new pins in upper hinges

* Lube all pins and other moving parts with a Teflon lube

* Install pins and "S" lower pivot springs

* Chase all threads with proper sized thread chaser die

* Mark hinge install location on hinge bottoms

* Package in moisture proof, sealed heavy thickness transparent packaging

* Box up , enclose packing slip, install and adjust instructions from service manual

* Ship out by US Priority Mail

Mention you are a member of Inland Mopars Car Club, FABO, FBBO, or FEBO and receive a 10% discount from retail prices:

A-body 67-78 Retail \$180.00 Member price \$162.00

For Sale – California

- 1965 Coronet 500 with a 413 (from a 63 Imperial) and a rebuilt automatic transmission (Westminster Transmission). The engine has a mild cam as I was just going to show the car and not race it. I built the car for my wife and I went a little overboard so now she won't drive it - she says it is too fast. I have about 47K in the build but I will take any reasonable offer as I need room in my garage for the '65 Barracuda I am building. Asking \$18k. The car is in Westminster, CA.

Call Randy at 714-661-9313 or e- mail rduston@att.com

For Sale - Texas

1969 Dodge Dart Swinger! - \$25,000

- This is the real deal LM23P car and is super clean. No rust anywhere that I could find!!! This is a real, Y2, Sunfire yellow car. Body panels are believed to be all original. The undercoating of the car looks to be original. The original 340 motor is long gone. It now has a 360, stroked to 408 and runs very strong. It has a brand new MSD billet distributor with MSD 6-AL box for added spark. A new mechanical fuel pump has been added, TTI Shorty headers into dual exhaust with an H pipe and new exhaust with chrome tips out the back. It has a Holley 750 double pumper carburetor sitting on top of an Edelbrock RPM Airgap intake, brand new spark plugs, recent oil change and MSD plug wires. The new alternator has been wired for a one wire hookup. The sound is incredible!!! The Dart drives and rides very nice!

It's had the column shifter transferred to the floor with an added console. The newly covered bucket seats were added for a more sporty look. The seats, carpet, headliner and dash all look great!!! There is an added oil pressure gauge that stays at 60 pounds of pressure. The blinkers, headlights, radio and wipers all work as they should.

The 727 automatic transmission shifts excellent. The trans has a reverse valve body. It has a 7 quart deep oil pan. Rear has 3:23 gears. The original 4 1/2 inch drum brakes have been kept original.

The car comes with 2 build sheets. It has the original fender tag and plenty of receipts of what was added or repaired. The car will come with original dog dish, poverty cap wheels and new tires. The new Cragars and tires do not come with the car but will be available for sale separately.
