Another Change

The Perkins & Marie Callender's Company recently announced they are going through a bankruptcy reorganization and one of the products of this is they have closed 19 locations. One of the closed locations is the Marie Callender's in Ontario that Inland Mopars has used for our annual "UnHoliday Party" in February for the past several years.

Because of this we now have to find another location for our annual party - a location in the Ontario/Rancho Cucamonga area would be centrally located for the bulk of our club membership and a restaurant with a private banquet area would be preferred. Please keep your eyes open. We will discuss a new "UnHoliday Party" location and other alternatives at our upcoming September 1st club meeting.

In other club news, our third Inland Mopars Toy Drive event was August 10th at the 15th Annual Rock'n'Roll Cruise and Car Show in Torrance that was hosted by the South Bay Mopars Car Club. We had a good response in both donated toys and cash donations that Toy Drive Coordinator Mike Keller will report on at the next club meeting. The cash donations have already been turned over to "super shopper" Norma Johnston. Norma reported she's already on the lookout for toy sales.

Mike may also have updated information on our annual Toy Drive Christmas Party at the next meeting.

During a conversation about our Toy Drive with the current President of South Bay Mopars, he mentioned that one of their club member's daughter works for Disney and can get good "cast member" discounts shopping at the Disney store. We also have a club contact who works for Disney and can do the same. He reports the item discounts vary by item but can be up to 50%. The discounted items are overstock or clearance items and usually are a lot of plush toys and some Star Wars toys. This is an additional shopping alternative we can discuss at the next club meeting.

Our next scheduled Toy Drive event isn't until November since Fatburger in Montclair has closed but we can all help now by approaching local businesses that may be able to help with donations. For example, businesses such as Costco, Sam's Club, Target and

Bits 'n Pieces

**15th Annual Rock 'N Roll Cruise in/
Car Show, Torrance
(Ft. Irwin toy drive event)**

Ken & Judy Hamer, Tim & Diane Baer & I attended the South Bay Mopars event in Torrance. Early on we had arranged to have the toy drive info on their flyer this year since we didn't last year due to an e-mail screw up on my part. South Bay Mopars gave us 3 plastic bags containing lots of Star Wars items. I got the feeling not many people looked at the toy drive info on the flyer since the toy collection was light. We did collect \$148 in donations which Norma will put to good use. We did meet a gentleman who was interested in help ng us out. Not sure if anyone has received an e-mail from him yet.

Thank you South Bay Mopars.

Walmart. We are working on a presentation letter detailing our Toy Drive history and goals. We will forward this letter to all club members as soon as it is available.

Let's also all bring some alternative monthly event ideas for discussion at our September club meeting. It would be nice to "spread our wings" a bit for our monthly activities. Mike Counts posted a photo on the club Facebook page that looks like it may have been taken in our local mountains. Both Wrightwood and Big Bear have car show events that offer alternatives to our usual monthly events.

And our monthly events do not have to be car shows. Come on, bring those ideas for some fun events we can enjoy as a group.

REMINDER! Our September 1st club meeting will be held in the banquet room at Cactus Cantina, 151 E. Alessandro Blvd, Riverside 92508. As usual, we will meet for breakfast at 9:00AM and get our meeting started as close to 10:00AM as possible.

As always, thank you to everyone for all you do to make Inland Mopars Car Club the very best it can be - the club's reputation is a direct reflection of the membership. //

- **Club Website** -Joey Garcia will contact Todd Jacobsen regarding the club website
- **Facebook** - Mike Counts reported on our current Facebook social media site.
- **Instagram** - Jason Gibbons reported on our Instagram page.

Club Secretary

- Ken advised that he had received an email from Diane Baer, who has volunteered to be our club secretary. This was confirmed by the members, without anyone opposed.

OLD BUSINESS & PAST EVENTS

July 20th - All American Car Show XXI, Mira Costa College, Encinitas

Receiving awards for their Mopars:

- "Best of the Rockin' 70s" - Lonnie & Robin Clabaugh's '70 Barracuda
- "Top 10" - Bill & Debbie Whitson's '64 Fury

Also attended with their Mopars:

- Norma Johnston with her '70 Barracuda
- Joey & Daemon Garcia with their '74 Duster

Attended as spectators: Ken & Judy Hamer, Tim Baer, Sil & Carol Brander (sadly, their Belvedere had to be left in the trailer with a gas leak).

Route 66 IECA - Rancho Cucamonga Richfield Gas Station Brick

- A decision was made at the July club meeting to purchase an 8"x8" brick with imprinted Inland Mopars car club logo, to be located at the Richfield Gas Station. This is a fundraiser to rebuild the garage. Ken is waiting for instructions on how to forward our club logo for imprinting on the brick and will provide information once received.

Ontario Police Museum

- At the July meeting, Ken reported that Bob Kallas from the museum asked Inland Mopars if we would be interested in hosting a fund-raiser all-Mopar car show to benefit the Ontario Police Department Museum to help rebuild operating funds that were stolen. Ken talked with Bob Kallas and advised that our club would like him to attend a meeting and describe his ideas for the show. Bob was to check his schedule and let Ken know which meeting he would be able to attend. Ken is awaiting his response; Bob lives some distance from our meeting location.

ANNUAL CLUB ACTIVITIES STATUS REPORTS

Annual Club Picnic -

- It was first decided to hold the event on Saturday, October 19th, with a motion being made by Bill Heckman and seconded by Ed Sobiecki; none were opposed. Later in the meeting when discussing future events, Mike Counts brought up that this was the same date as 909 Mopars is having their show event in Colton. To allow support for and participation in the 909 Mopars event, Jason Gibbons made a motion that we change our club picnic from Saturday, October 19th to Sunday, October 20th. Bill Whitson seconded the motion; none were opposed. See Future Events for additional info.

All were in agreement that the menu should be the same as in 2018. The club will provide pulled pork and pulled chicken sandwiches, iced tea and water. Salads, side dishes, and desserts will be "pot luck" provided by club members. We will have a sign-up sheet at the September meeting. Feel free to bring any other drinks if you'd like something different. Last years' time was 10:00; this will be finalized closer to the date and arrangements will be made to set up ahead of the event.

Fort Irwin Toy Drive 2019

- Aug. 10th - 15th Annual Rock'N'Roll Cruise & Car Show, Torrance, hosted by South Bay Mopars
- Nov 14th - NHRA World Finals "Racers Party", Glendora Dodge
- Nov 16th - "Mopar and Friends Day", Motech Performance, Murrieta
- Dec 7th - Ramona Tire, Rancho Cucamonga
- Fatburger, Montclair - Mike Keller will check which Wednesday evenings are scheduled for their "cruise to". Our toy drive box will be there for about two months. (This was before we found out they had closed.)

At this point, it would not be possible to add the toy drive info to the show flyer for Antelope Valley Mopars.

Regarding date of Toy Drive Christmas Party at Don & Ann Long's, last contact Mike Keller had was in February; info to follow.

Regarding Toy Drive delivery to Fort Irwin, Mike Keller needs to check VFW schedule before this date is finalized, possibly December 15th or 22nd (Ft. Irwin needs by January for distribution after the enlisted parents return from their Christmas leave).

It was suggested, that on October 6th when our meeting is held at the Ontario Elks Club Car Show, that we could have a late lunch/early dinner at Fatburger at 9th & Central in Montclair to support our Toy Drive at the close of the Elks' show. As a reminder, breakfast is available at Ontario Elks Club. . (This was before we found out they had closed.)

A suggestion was made that a letter be available so club members could solicit toy donations or discounts from local businesses. Mike Keller advised that would not be a problem to develop a letter; we also have the thank you letter from Ft. Irwin which appears in a previous newsletter.

20th Annual "Mopars in May At CSDR" Car Show May 17, 2020

Mike Counts provided an update. The facilities agreement has been forwarded to Brandon; this needs to be returned by October 1st. Mike had a suggestion that we remove the directions/map from the flyer and replace it with a previous Best of Show photo or our logo as most people use their phone for directions. Bill Heckman suggested using shirt art for the flyer. Another option is having a "save the date" flyer for Fall Fling and using shirt art for the final flyer.

Leo Tafoya Door Hinges

HOT PARTS
 BY MOPAR MUSCLE STAFF

IT ALL HINGES ON THIS

Have your factory-original door hinges seen better days and you wish you could regain the as-new factory hinge operation on your Mopar? Great news! Mopar Leo's Parts can restore your original cores (or use Leo's available cores) to like-new operation and appearance. With many years of experience, we watched Leo completely rebuild a set of B-Body door hinges, but the service is available for all popular Mopar muscle cars. After careful disassembly, cleaning, deburring, and reassembly with new pins and springs, the hinges and operation came out great. And Leo tells us that not all cores are good enough to restore. Leo only selects cores that pass his high standards based on decades of Mopar hinge rebuilding experience.

These door hinges are available for the following Mopars: 1967-1976 A-Body, 1962-1978 B-Body, 1970-1974 E-Body. For instructions on where to send your cores in, pricing, or for more info, contact Mopar Leo: email: moparleo@hotmail.com or call 951-413-4775.

USA MOPAR DOOR HINGE
REMANUFACTURING SERVICE
1967-1976 A-BODY
1962-1978 B-BODY
1970-1974 E-BODY

And the rest of the ad that goes with it....

Why buy Taiwan made repros when you can get the highest quality remanufactured door hinges, using only original, Mopar made hinge cores.

I Remanufacture a complete line of Mopar application only door hinges using only new, high quality US made components. No import parts ever.

Over 15 years experience remanufacturing Mopar only door hinges.

I remanufacture the following hinge applications: 1967-1978 A-body, 1962-1965 B-body, 1967-1970 B-body, 1971-1973 B-body, 1970-1974 E-body. Most are in stock, primed, ready to paint and install. Or I can refurbish your old hinges with quick turn-over time.

Normally available for exchange or out right with a refundable core charge.

Refurbish process:

* Disassemble and inspect for damage or excessive wear or rust pitting. Must meet my quality standards. If they pass inspection: then I remove door check pins(these are pressed in and must be cut out). Remove pins and bushings in upper hinges.

* Square up hinge bodies. Bore & ream to fit oversized pivot pins in lower hinges. NO BUSHINGS.

* Install new roller pins by MIG welding with new wave springs and refurbished rollers

* Tighten upper hinges.

* Prime hinges with Automotive grade primer. Compatible with enamel or lacquer.

* Install new Oil-lite bronze bushings and new pins in upper hinges

* Lube all pins and other moving parts with a Teflon lube

* Install pins and "S" lower pivot springs

* Chase all threads with proper sized thread chaser die

* Mark hinge install location on hinge bottoms

* Package in moisture proof, sealed heavy thickness transparent packaging

* Box up , enclose packing slip, install and adjust instructions from service manual

* Ship out by US Priority Mail

- 1965 Coronet 500 with a 413 (from a 63 Imperial) and a rebuilt automatic transmission (Westminster Transmission). The engine has a mild cam as I was just going to show the car and not race it. I built the car for my wife and I went a little overboard so now she won't drive it - she says it is too fast. I have about 47K in the build but I will take any reasonable offer as I need room in my garage for the '65 Barracuda I am building. Asking \$18k. The car is in Westminster, CA.

- 1966/67(?) Charger, definitely needs tires and it does run and the AC works. My husband built it from frame up and painted it himself. This was his baby and I was supposed to sell it to pay for his funeral but I can't sell it just to anybody, I need it to go to somebody that would appreciate it if that makes sense. Asking \$30,000.

For Sale - Texas

1969 Dodge Dart Swinger! - \$25,000

- This is the real deal LM23P car and is super clean. No rust anywhere that I could find!!! This is a real, Y2, Sunfire yellow car. Body panels are believed to be all original. The undercoating of the car looks to be original. The original 340 motor is long gone. It now has a 360, stroked to 408 and runs very strong. It has a brand new MSD billet distributor with MSD 6-AL box for added spark. A new mechanical fuel pump has been added, TTI Shorty headers into dual exhaust with an H pipe and new exhaust with chrome tips out the back. It has a Holley 750 double pumper carburetor sitting on top of an Edelbrock RPM Airgap intake, brand new spark plugs, recent oil change and MSD plug wires. The new alternator has been wired for a one wire hookup. The sound is incredible!!! The Dart drives and rides very nice!

It's had the column shifter transferred to the floor with an added console. The newly covered bucket seats were added for a more sporty look. The seats, carpet, headliner and dash all look great!!! There is an added oil pressure gauge that stays at 60 pounds of pressure. The blinkers, headlights, radio and wipers all work as they should.

The 727 automatic transmission shifts excellent. The trans has a reverse valve body. It has a 7 quart deep oil pan. Rear has 3:23 gears. The original 4 1/2 inch drum brakes have been kept original.

The car comes with 2 build sheets. It has the original fender tag and plenty of receipts of what was added or repaired. The car will come with original dog dish, poverty cap wheels and new tires. The new Cragars and tires do not come with the car but will be available for sale separately.
