## President's Message

Ken Hamer

### Take a Look

Take a look at [www.bigirongarage.com](http://www.bigirongarage.com) for some interesting Mopar projects. Big Iron Garage is a car restoration and custom build business that was started by NASCAR Hall of Fame Crew Chief and Team Owner, Ray Evernham. He and his team have taken pieces of automobile history and give them a second life. The team has restored a variety of cars including vintage record-breaking race cars, custom builds featured in magazines, cars starring on the big screen and everything in between.

Among their completed and current projects are:

- "The Ghost" - Starting with a 1936 Chevrolet Sedan body, this is a specialty-built race car with the appearance of a modified that would have been raced in the 1960s but features state-of-the-art electronics and mechanics
- Steve's (Ron Howard) 1958 Chevy Impala from "American Grafitti"
- 1965 Chevrolet Chevelle Malibu SS - A recreation of Ray Evernham's high school car
- 1976 Chevrolet "El Laguna" - A '76 El Camino with a Laguna front end and modified drive train and interior
- 1981 NASCAR #22 Buick Regal
- 1937 Ford XL-1 (Experimental Lincoln #1) Coupe - a race car that for close to 15 years during the 50s and 60s was the terror of many east coast NASCAR Modified racers
- 1973 NASCAR #96 Mercury Montego

...and for Mopar:

- 1964 NASCAR #777 Plymouth Belvedere once competed in by Marty Robbins that was rescued from the "rustworms" and completely restored
- 1964 Plymouth Belvedere "For Ply" - A 200 mph street car sitting on a NASCAR chassis that once competed in the Daytona 500 and powered by a 358ci Dodge R5-P7 engine
- 1969 NASCAR #42 Dodge Daytona originally built by James Hylton and purchased by Bobby Allison

- 1969 Dodge Charger Daytona DC-93 - The Chrysler Engineering Test Car that became the baseline for the 169 Dodge Daytona winged race cars. This car became the #88 for its NASCAR debut in which it set a world record of 199.466 mph at Talladega.

Take a look. There are some very interesting historical cars..and you never know where you may find some inspiration for details for both your current and future projects.

Don't forget to get your reservations to Norma Johnston for our annual "Unholiday" club dinner party. Prepayment must be in to Norma before February 27<sup>th</sup>. We must have a minimum of 25 in order to reserve the Green House Room at El Torito in Ontario. The "Unholiday" party date is Saturday, March 7<sup>th</sup> from 5-8PM.

Our March 1<sup>st</sup> club meeting will be in the banquet room at Cactus Cantina. As always, we will meet at 9AM for breakfast and get our club meeting started as close to 10AM as possible. Some of the topics for discussion will be a post-GNRS event review and the start of in-depth planning for our upcoming 20<sup>th</sup> annual "Mopars in May" all-Mopar car and Truck show scheduled for May 17, 2020, at California School for the Deaf. Just as with our Toy Drive, we need all club members help to make this event as successful as we can. We only have two club meetings after March to tie down the planning for our 2020 car show.

Sam is also still collecting 2020 dues.

As always, thank you to everyone for all you do to make Inland Mopars Car Club the very best it can be - the club's reputation is a direct reflection of the members. //

## **The Redneck Book of Manners** don't blame me, contributed by Pat from Old Farts

### Facts

1. **Never take a beer to a job interview.**
2. **Always identify people in your yard before shooting at them.**
3. **It's considered poor taste to take a cooler to church.**
4. **If you have to vacuum the bed, it is time to change the sheets.**
5. **Even if you're certain that you are included in the will, it is still considered tacky to drive a U-Haul to the funeral home.**

## Club Cars Wanted

We have a couple this month:

Sil Brander's latest concoction; 707 HP Hellcat motor in a 2500 lb 1984 Dodge Rampage pickup. It will be show quality and set up to NHRA rules for some racing.

President Ken Hamer's in progress 1969 Dart.

**The Redneck Book of Manners (cont)**

**Dining Out**

1. If drinking directly from the bottle, always hold it with your fingers covering the label.
2. Avoid throwing bones and food scraps on the floor as the restaurant may not have dogs.

**Entertaining in your Home**

1. A centerpiece for the table should never be anything prepared by a taxidermist.
2. Do not allow the dog to eat at the table no matter how good his manners are.

**Personal Hygiene**

1. While ears need to be cleaned regularly, this is a job that should be done in private using one's OWN truck keys.
2. Proper use of toiletries can forestall bathing for several days. However, if you live alone, deodorant is a waste of good money.
3. Dirt and grease under the fingernails is a social no-no, as they tend to detract from a woman's jewelry and alter the taste of finger foods.

**Two Reasons Why It Is Hard to Solve a Redneck Murder**

1. All the DNA is the same.
2. There are no dental records.

## **The Redneck Book of Manners (cont)**

### Dating (Outside the Family)

1. Always offer to bait your date's hook, especially on the first date.
2. Be aggressive. Let her know you're interested: 'I've been wanting to go out with you since I read that stuff on the restroom wall two years ago.'
3. Establish with her parents what time she is expected back. Some will say 10:00 PM; others might say 'Monday'. If the latter is the answer, it is the man's responsibility to get her to school on time.
4. Always have a positive comment about your date's appearance, such as, 'Ya'll sure don't sweat much for a fat gal.'

### Weddings

1. *Livestock, usually, is a poor choice for a wedding gift.*
2. *Kissing the bride for more than 5 seconds may get you shot.*
3. *For the groom, at least, rent a tux. A leisure suit with a cummerbund and a clean bowling shirt can create too sporty an appearance.*
4. *Though uncomfortable, say 'yes' to socks and shoes for this special occasion.*
5. *It is not appropriate to tell the groom how good his wife is in the sack.*

### Driving Etiquette

1. *Dim your headlights for approaching vehicles, even if the gun is loaded, and the deer is in sight.*
2. *When approaching a four-way stop, the vehicle with the largest tires always has the right of way.*
3. *Never tow another car using panty hose and duct tape.*
4. *When sending your wife/girlfriend down the road with a gas can, it is impolite to ask her to bring back beer.*
5. *Never relieve yourself from a moving vehicle, especially when driving.*
6. *Do not lay rubber while traveling in a funeral procession.*

## Important to all California Property Owners

To all who vote in California, you need to be aware of this underhanded trick that will be devastating..... **IMPORTANT.** Major property tax increases are on the launch pad as California politicians try to repeal prop 13 by slipping it under the radar. California's Attorney General, Xavier Becerra, is putting together plans to raise property tax revenue by eliminating the only thing keeping some people's property tax from sky rocketing, Prop 13. Because they know it will be unpopular if presented as "Repeal Prop 13," **Xavier Becerra has strategically relabeled it "Education and Local Government Funding."** It's already on the 2020 ballot and much like the gasoline tax, it will be worded in a way that misleads California voters. People renting may see it as a way to get something for nothing, but the long term result will be higher rents to pay due to the increase in property taxes. People are leaving the state in record numbers and many here are barely hanging on. This could be something that changes the face of California forever. All my California friends, this must be defeated.

1962-1978 B-BODY  
1970-1974 E-BODY

Why buy Taiwan made repros when you can get the highest quality remanufactured door hinges, using only original, Mopar made hinge cores.

I Remanufacture a complete line of Mopar application only door hinges using only new, high quality US made components. No import parts ever.

Over 15 years experience remanufacturing Mopar only door hinges.

I remanufacture the following hinge applications: 1967-1978 A-body, 1962-1965 B-body, 1967-1970 B-body, 1971-1973 B-body, 1970-1974 E-body. Most are in stock, primed, ready to paint and install. Or I can refurbish your old hinges with quick turn-over time.

Normally available for exchange or out right with a refundable core charge.

Refurbish process:

\* Disassemble and inspect for damage or excessive wear or rust pitting. Must meet my quality standards. If they pass inspection: then I remove door check pins( these are pressed in and must be cut out). Remove pins and bushings in upper hinges.

\* Square up hinge bodies. Bore & ream to fit oversized pivot pins in lower hinges. NO BUSHINGS.

\* Install new roller pins by MIG welding with new wave springs and refurbished rollers

\* Tighten upper hinges.

\* Prime hinges with Automotive grade primer. Compatible with enamel or lacquer.

\* Install new Oil-lite bronze bushings and new pins in upper hinges

\* Lube all pins and other moving parts with a Teflon lube

\* Install pins and "S" lower pivot springs

\* Chase all threads with proper sized thread chaser die

\* Mark hinge install location on hinge bottoms

\* Package in moisture proof, sealed heavy thickness transparent packaging

\* Box up , enclose packing slip, install and adjust instructions from service manual

\* Ship out by US Priority Mail

### **For Sale - Texas**

**1969 Dodge Dart Swinger! - \$25,000**

- This is the real deal LM23P car and is super clean. No rust anywhere that I could find!!! This is a real, Y2, Sunfire yellow car. Body panels are believed to be all original. The undercoating of the car looks to be original. The original 340 motor is long gone. It now has a 360, stroked to 408 and runs very strong. It has a brand new MSD billet distributor with MSD 6-AL box for added spark. A new mechanical fuel pump has been added, TTI Shorty headers into dual exhaust with an H pipe and new exhaust with chrome tips out the back. It has a Holley 750 double pumper carburetor sitting on top of an Edelbrock RPM Airgap intake, brand new spark plugs, recent oil change and MSD plug wires. The new alternator has been wired for a one wire hookup. The sound is incredible!!! The Dart drives and rides very nice!

It's had the column shifter transferred to the floor with an added console. The newly covered bucket seats were added for a more sporty look. The seats, carpet, headliner and dash all look great!!! There is an added oil pressure gauge that stays at 60 pounds of pressure.

The blinkers, headlights, radio and wipers all work as they should.

The 727 automatic transmission shifts excellent. The trans has a reverse valve body. It has a 7 quart deep oil pan. Rear has 3:23 gears. The original 4 1/2 inch drum brakes have been kept original.

The car comes with 2 build sheets. It has the original fender tag and plenty of receipts of what was added or repaired. The car will come with original dog dish, poverty cap wheels and new tires. The new Cragars and tires do not come with the car but will be available for sale separately
